I knew you would have more.... Kelli come grab Janet and I and let's talk about how best to retrieve this (is it on LaserFische at this point)?

I have 3 or 4 boxes of Sesko, and they cover 3536 Arsenal and 1701 Pennsylvania. Because the cases were combined at some point, some of my records apply to both properties. I just had the boxes up here a few weeks ago when somebody was doing a phase 1 environmental on Arsenal, but I took them back downstairs. Easy to retrieve, but thousands of pages.

Janet (and Kelli),

Can you please look over the letter the Mayor is about to get for Gasworks Site and let's chat sometime today about what this Public Records-ish request would look like?

I am assuming to pull the address file,(s) but Janet, do you know of where more info is for the Gasworks site?

FYi – I gave Elaine/Mayor a heads up that we have this handled and we will keep them in the loop when this is done.

Thanks,
Allison

Can we chat about this tomorrow (Friday)? She copied me on the letter so I imagine I'll be tasked with providing whatever it is they're looking for...

Hi Kelli-

I wanted to let you know that the Bremerton Gas Works 104(e) information request letter was just sent by certified mail. I have attached what was sent to the Mayor. The 90-day clock begins when the certified mail has been received. Let me know if you have questions or need an extension. Thanks.
